Continued complaint reaches us from our patrons as to the management of the post office in West Union. They say they cannot get their papers when they call for them, and it is sometimes several days before their mail reaches them. There is something radically wrong about the management of this office, and we hope the proper officers of the government will look into the matter and apply the needed remedy.

There was an interesting and exciting game of ball played at Belton on July 6th between Walhalla and Williamston. On account of the rain only a few people saw the game. Walhalla lost it in the first inning on account of rain, the ball being wet and the pitcher was unable to

Our Richland Correspondence.

RICHLAND, S. C., July 5, 1892. DEAR COURIER: Ned Todd appears to be growing worse instead of better and after this writing we do not expect to multiply any more words with him. We are sorry, however, that our little controversy has resulted in placing him on public record as favoring profanity and dirty language in public by the Governor of our State to express his sentiments. "Ned," if you had been at Westminster on Saturday

Here and There.

[Correspondence KEOWEE COURIER.]

We are glad to see the rain subside, but I guess we will be equally as anxious for rain ere the summer is gone as we are for sunshine now.

Those who have corn lying a considerable time without work had better be careful how they work it, should dry weather prevail.

We have been endeavoring to have a post office established at Mt. Tabor. A route is very much needed from Westminster to Avalon or some other point in Georgia, with offices at Harbin's, Tabor and others on the Georgia side.

Miss Mollie Terrell is visiting Misses Adams and others in Mt. Tabor vicinity.

Mr. M. C. Barton, of Fair Play, began his school in the upper part of the county on July the 4th.

Mrs. Flora Dobbs, of Athens, Ga., is visiting her mother, Mrs. Barton, of Fair Play.

The school at Fair Play will open on 18th of July. Many of the schools intending to open on the 4th will not open until the 18th, owing to the recent rains retarding farm work.

RETREAT "PICNIC."

Misses Brevard Verner and Hattie McClannahan and Mr. Willie Lesley were the instigators of a delightful little picnic at Retreat on the 2d of July. The occasion was the closing of the school taught by Miss Eugenia Moss, one of our most accomplished school teachers and popular young ladies. By viewing the sumptuous dinner one would be surprised at the size of the crowd, but it was entirely in keeping with the unparalleled hospitality and prosperity of these good people. Retreat now has the wrong name, for they never retreat, but progress.

Misses Irene and Susie McGee, of Due West, S. C., and Mary Shelor, who has just returned from Agnes Institute, Decatur, Ga., all charming young ladies, were present to enliven the occasion. The occasion was heartily enjoyable and we are glad to be in the midst of such kind old people and fine young folks. Much credit to the young committee and many thanks from all present I hereby submit in behalf of those present. There will be another invitation picnic at Gilmer's mills on the 9th of July. ADELPHOS.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address:

The Greenville News, of Friday last, says the large livery stable at Pendleton, adjoining the hotel which was destroyed by fire Wednesday morning, was burned Wednesday night. The building contained twenty-one bales of cotton and a lot of corn, oats and fodder. All was destroyed. The cotton belonged to Dr. W. W. Watkins. There is no doubt that the fire was of an incendiary origin, and it is thought that it was set by the same person or persons who set fire to the hotel. The stable belonged to the J. B. Sitton estate. No insurance.
